Certification of Origin

AMSI Metal Roofing Clips

We hereby certify that all standing seam metal roof clips, gutter hangers and bearing plates listed in our online and print catalogs are manufactured at our plant in Douglasville, Georgia in the United States of America.

100% of the galvanized or Galvalume® steel product used in the manufacture of our products is produced in United States of America.

The stainless steel product used in the manufacture of AMSI clips is a product of one or more of the following countries: Canada, Germany or Italy. All of these countries are trading partners of the United States and are recognized as acceptable sources of the materials per the "Buy America Act", subject to the terms of "Federal Acquisition Regulation, Part 25 – Foreign Acquisition, Subpart 25.200- Buy America Act – Construction Materials and Subpart 25.204".

If you have any questions or require additional information, please feel free to contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "David Trefzger", with a long horizontal flourish extending to the right.

David Trefzger
General Manager
